

Yassin Elbehi

Front-End Developer · BI Engineering Student

behiyassin98@gmail.com · +216 98 321 075 · [LinkedIn](#) · [GitHub](#)

Frontend developer with 2+ years of freelance experience building production React and Next.js applications. Currently studying Business Intelligence Engineering — combining sharp UI instincts with a data-driven mindset. I ship end-to-end: from client brief to deployed product.

EXPERIENCE

Freelance Front-End Developer · Self-employed

2023 – Present

- Delivered 5+ client websites end-to-end — requirements, design, development, and deployment.
- Built a loyal client base through word-of-mouth; consistently met deadlines and iterated on feedback.
- Specialized in performance-focused, responsive UIs using React, Next.js, and Tailwind CSS.

PROJECTS

GreenHaven E-Shop

2025

Stack: Next.js · TypeScript · Tailwind CSS · Prisma ORM · Node.js · Deployed on Vercel

[github.com/yassinbehi/GreenHaven-onlineShop](#) · [Live Demo](#)

- Full-featured e-commerce platform built with Next.js App Router and server-side rendering for fast, SEO-friendly product pages.
- Type-safe codebase in TypeScript with Prisma ORM handling database schema, migrations, and queries.
- Implemented cart, checkout flow, and product management — fully mobile-first with Tailwind CSS.
- Deployed to Vercel with a custom vercel.json config for production optimisation.

Doctor Management Desktop App

2024

Stack: Java · Swing

[github.com/yassinbehi/application-de-gestion-m-dicale-pour-un-cabinet](#)

- Desktop application for a local medical practice, replacing a fully paper-based patient management system.
- Covers patient records, appointment scheduling, and consultation history in a clean Java Swing GUI.
- Handled the complete delivery cycle — requirements gathering, design, development, and client handoff.

Business Vitrine Websites

2023 – Present

Stack: React · Next.js · Tailwind CSS

- Built multiple landing pages and showcase sites for local businesses.
- Optimised for Core Web Vitals performance scores and local SEO to drive organic traffic.
